**ADMINISTRATIVE REPORT  
INTRODUCTION**

A heartfelt gratitude to Dr Samuel Hahnemann  
Founder and Father of Homoeopathy  
A true benefactor of mankind.

Homoeopathy is a scientific system of medicine founded by German physician Dr. Samuel Hahnemann. It is based on the principle “Similia Similibus Curenture” which means “Like cures likes”. For the layman it is popularly known for its sago like small tiny pills which does miraculous healing. The Government of India and Department of Ayush also promotes Homoeopathy especially more after pandemic of Covid. Its unity in diversity. Homoeopathy is no religion. It is useful everywhere from infants to old age, rural to urban, from lower to higher socioeconomical status people & in each & every sector of life. It also teaches how to live a life and achieve higher purpose of our existence for which we are born.

The goal of education is not to cram facts, but to inspire a love for learning and a thirst for knowledge-says Swami Vivekanand. Our aim is to provide quality education for holistic development of student and to serve and enrich the quality of life of patients suffering from diseases. Medicine is the noblest profession and Doctors are given the stature next to God in our society. So, our vision is to render medical service for suffering humanity and also to improve and restore the health of all especially among common people in rural area. To open and sustain Homoeopathic college & Hospital in rural area itself is a challenge. It's a dream of many students & parents to have a quality education in or nearby their place. By running Homoeopathic Hospital in rural area people of rural area of Panchmahal district will get quality Homoeopathic treatment at their doorstep.

Jay Jalaram Homoeopathic Medical College & Hospital run by Shree Panchmahal Jilla Pachat Varg Kelvani Mandal is located at the divine land of Village Morva (Rena) surrounded by the beauty of nature in Panchmahal district.

It is with deep sense of humility, unbounded gratitude, privilege and responsibility that I address this message as the Principal of this Institute. My mission is to improve the lives of people in society and to ensure health and education to the underprivileged. I am blessed that my vision came into reality at my motherland Morva (Rena) with a great institute having bright future. I can fulfil my mission of empowering rural education by giving affordable quality education, equal opportunities, comfortable infrastructure, transportation facilities, positive social environment, and good health. Bharat is a goldmine of talent and we have many legends coming from rural area. The best examples are our President of Bharat Smt. Droupadi Murmu, Hima Das, Rameshbabu Pragganandhaa etc. So, our mission is to empower rural education in the field of Homoeopathy as education is the important milestone for growth and prosperity of any nation. Empowering rural education equips the younger generation with the knowledge, skills, and confidence to contribute actively to the nation's progress, irrespective of their geographical location. Our institute also nurtures the students with positive habits, healthy attitude and sound moral values to be a successful, happy and healthy individual of nation. We will try to give world best Homoeopathic treatment for patients as well as quality

Education in the field of Homoeopathy in rural area. In order to accomplish our vision and mission we are doing consistence efforts to enrich learning for all students. We have skilled faculties who always strive to teach not only academic programs but also life skills needed in their practice. I am very sure through consistent teamwork we can achieve more benefit to our future doctors. *Jay Hahnemann Jay Homoeopathy.*
